# SHAPED

Wer sind wir?

# Unsere Philosophie

- Jede\*r Interessierte kann mitmachen!
- Ziel: interprofessionelle Ausbildung und Zusammenarbeit zu fördern
- Fokus: alle Gesundheitsberufe der Schweiz

Wer  
Veränderung  
will, soll  
selbst aktiv  
werden!

# Wieso gibt es uns?

- Enttäuschung über die wenigen (und oft langweiligen^^) IP-Kurse im Curriculum
- Überzeugung, dass IP-Zusammenarbeit grossen Spass machen kann
- Wille, dies mit unseren Projekten möglichst vielen Gesundheitsstudierenden zeigen

# Unsere Geschichte

## IP workshops - autumn 2019

first interprofessional workshops and different individual meetings among healthcare students take place

## summer 2019 - let's go!

two medicine students and a pharmacy student realize that closer collaboration in healthcare is urgently needed - crucially already during people's education

## first policy paper - may 2020

a policy paper on interprofessional education (IPE) is written and signed by several students' associations

## january 2020 - first meeting

roughly 30 representatives and healthcare students discuss IP projects in Bern

## october 2020 - SHAPED

the Swiss Health Alliance for Interprofessional Education (SHAPED) is born and a logo is designed

## first ICD - november 2020

the first interprofessional case discussion (ICD) is held online in four groups with roughly 40 participants in total and evaluated for further improvement

## second ICD - summer 2021

further ICDs are written and held, including one focusing on midwives and obstetricians

## first midwife - october 2021

thanks to new team-members, an ICD with focus on midwives and obstetricians is written

## chiropractic ICD - march 2022

the first ICD including chiropractic medicine is held, enabling yet another profession to join

## ICD @SMSC - april 2022

ICDs are held at the Swiss medical students' convention organized by swimsa

## spring 2021 - SHADOWING

despite COVID-19, the first students can explore other healthcare professions as part of SHAPED's Shadowing Program

## 23.09.2021 - SHAPED "official"

SHAPED members decide to found a formal association in order to professionalize their efforts and an executive board is set up

## january 2022 - ICD @CiS

ICDs are held at the Centre interprofessionnel de simulation in Geneva

## march 2022 - game night

the first IP "game night" takes place, where students from all field join for a game of "categories"

today: Plattform IP

# Unsere Projekte

- Interprofessionelle Fallbesprechungen (ICDs)
- Shadowing Program
- Socials: Game Night
- Research & Assessment
- Social Media

# IP Fallbesprechungen

- Offen für alle Gesundheitsstudierenden
- Gruppen mit 8-10 Personen
- Basieren auf realen Patient:innenfällen
- Im “Krimi-Dinner“-Format
- Mit SHAPED-Moderator:in

# Shadowing Program

- ½ bis 1 Tag
- Offen für Studierende mit Praxiserfahrung
- Tutor:innen sind Gesundheitsfachpersonen
- Eins-zu-eins-Betreuung
- Subjektive Lernziele
- → Wir freuen uns immer über neue Tutor:innen

# Socials

- Studierende informell zusammenbringen
- Kennenlernen und Freundschaften knüpfen
- Vorurteile abbauen

# Research & Assessment

- Wie misst man “gute” IP-Ausbildung?
- Welchen Effekt haben unsere Projekte?  
(pre-/post-Fragebogen)
- Wie steht es um IP-Ausbildung in der Schweiz → *mapping*

..weil wir trotz  
FH/Uni noch  
nicht genug  
von Zahlen  
haben... ^^

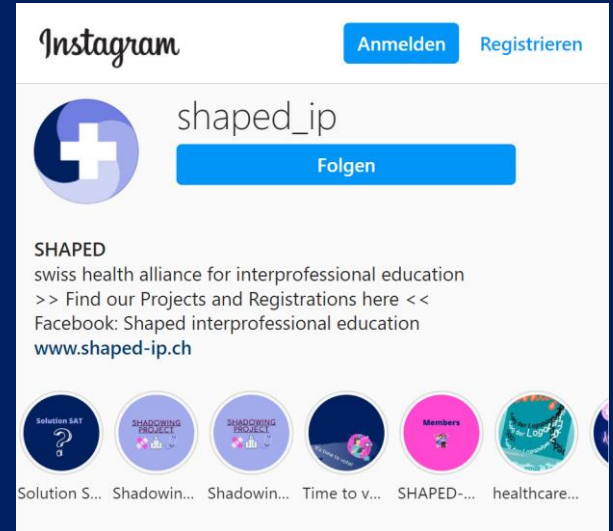

# Social Media

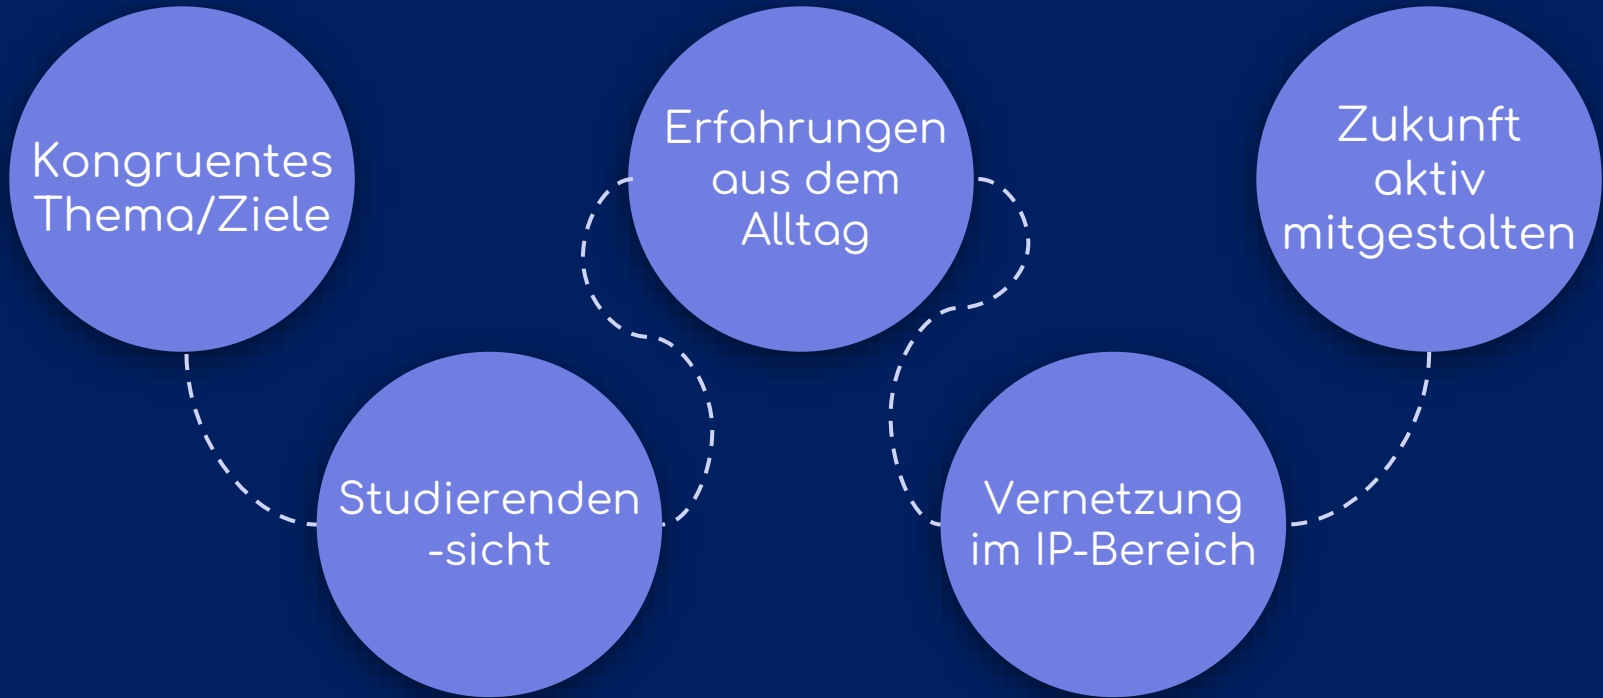

- Kontakt mit unseren Kommiliton:innen
- Bekanntmachung unserer Projekte
- Interprofessionellen Spirit leben und Vorurteile abbauen

# Wieso Summer Academy?

# Studierendensicht auf IPE heute

# Positionspapier IPE

- Verfasst im Winter 2019/20
- Mitglieder der Swiss Youth Health Alliance (SYHA)
- Unterzeichnet von 7 Studierendenorganisationen

## Position Paper Regarding Interprofessionality in the Education and Training of Healthcare Professions

### 1. Summary

The Swiss Youth Health Alliance (SYHA), formed in 2019, is an alliance<sup>1</sup> of student and learner organizations in the healthcare sector, which actively advocates for more interprofessionality in the education and training of healthcare professions. All signing organizations can be found in the appendix.

For SYHA, there is no question that in an increasingly complex healthcare system, interprofessionality must be taught, learned and lived in order to meet the needs of today's increasingly multimorbid patients and to ensure high-quality and all-encompassing care.

This position paper summarizes SYHA's expectations of decision-makers in the field of healthcare education and training and makes recommendations for action.
